### ELECTRONISCHE WAPENS

Het maken van hatelijke opmerkingen is slechts een van de kenmerken van groepsstalken. Slachtoffers worden ook vaak uit hun slaap gehouden. Op een gegeven moment bevestigde T.I. extra isolatiemateriaal aan zijn plafond, omdat de bovenburen steeds zoveel herrie maakten. Het hielp nauwelijks. Daarnaast werd hij constant in de gaten gehouden. T.I.: "Ze wisten bijvoorbeeld precies wanneer ik naar de dokter was geweest. En een van mijn vrienden vroeg op een gegeven moment of de bovenbuur- vrouw een oogje op mij had, omdat iedere keer als hij bij mij op bezoek kwam en weer wegging, zij uit haar raam stond te kijken naar mijn appartement." Maar het ging nog een stapje verder. Toen T.I. zijn was buiten liet hangen, vond hij bruingele vlekken op zijn kleding waar hij extreme jeuk en uitslag van kreeg. Later bleek dat het afkomstig was van een giftig kruid (giftige sumac oftewel poison ivy , red.) Een andere keer stond de politie voor zijn deur omdat een van de burens melding had gemaakt van een wietplantage. En op een zondagmiddag kwam hij thuis en stond er een grote, dronken gast voor zijn deur die duidelijk niet opzij wilde gaan. Voordat het op een handgemeen kon uitlopen (wat lichamelijk bewijsmateriaal zou opleveren) riep een van de buurmannen dat het zo wel genoeg was, waarna T.I. zijn huis weer binnen kon. "Uiteindelijk heb ik mijn appartement ver onder de marktwaarde verkocht en ben ik naar Amsterdam verhuisd. Ik wilde gewoon weg. Vlak voordat ik vertrok, riep mijn buurman nog een paar keer dat zij ook mensen kenden in de straat waar ik zou gaan wonen. Zo stom dat ik toen nog dacht dat hij dat alleen maar zei om mij bang te maken." Maar eenmaal in Amsterdam begon alles weer van voren af aan. En dit keer werden ook wapens ingezet die elektrische golven dwars door de muren uitzenden en ervoor zorgen dat bepaalde lichaamsdelen flink gaan irriteren. "Ik lag op de bank en ineens begon het achter mijn ogen, oren, neus en geslachtsdelen te steken. Direct daarna hoor ik mijn buurman roepen: 'Hoe vind je ons nieuwe speelgoed, vuile nicht?'" Deze zogenaamde High Power Microwave wapens zijn gewoon via het internet te koop en worden ook in Amerika steeds vaker gebruikt door groepsstalkers. T.I. besloot naar een psycholoog te gaan. Niet zozeer omdat hij dacht dat hij gek werd, maar omdat hij wilde laten bevestigen dat hij dat niet was. De psycholoog bevestigde direct dat hij niet paranoïde was of aan andere waanideeën leed. Ook in het verleden is die diagnose nooit bij hem gesteld. Inmiddels is de politie op de hoogte van zijn situatie en heeft hij zijn burens geconfronteerd, maar die blijven natuurlijk ontkennen. Sindsdien wordt T.I. minder lastiggevallen. "Kijk, die klootzakken willen dat je denkt dat je gek wordt, maar dat is het hem nou juist. Ik ben alleen maar sterker geworden. Ik weiger om mijzelf zielig op te sluiten en niet meer te genieten van het leven. Zij zijn degene die zielig zijn, omdat hun eigen leven kennelijk niet interessant genoeg is en ze daarom dat van anderen aangrijpen als amusement."

Quote: Geheime diensten, verzamelplaatsen van psychopaten en moordenaars, hebben de afgelopen jaren de beschikking gekregen over elektronische wapens, de meest krachtige wapens in de geschiedenis van de mensheid. Met deze elektronische wapens is het mogelijk om op afstand en door muren heen te martelen en te moorden (mensen worden o.a. gekookt als vlees in een magnetron), zonder bewijzen achter te laten. Dit is geen science-fiction, de techniek en wapens bestaan, en overal op het internet verschijnen verhalen van slachtoffers. ...

Aanval: Hartaanval

Omschrijving: Voelt alsof druk op je lichaam, borstkas maar niet een normale druk. Het is een uitermate onprettig gevoel waar je niet zeker van weet wat het allemaal met je doet. Je kunt dit testen door je hoofd naar de positie van je borstkas te brengen, en in de richting van de mogelijke aanvaller te kijken. Als je oogleden voelbaar snel gaan knippen is het een lage frequentie (ELF). Dit gebeurt ook wel in combinatie met andere aanvallen, bv branden op rug achter links, of ribbenkast links, om het hartaanvalgevoel compleet te maken. Dit geeft een drukkend gevoel op de borst. Ze doen het soms eerst rechts en dan weer links. ...

Monika Stoces, 'Johan Heller (Sweden) had passed away last week. He died from a hear', 26.09.2008, .

Quote: When i got totally surprised in 2005 by a cruel attack on my body and brain , the first person that responded my calls for help, and to whom i could come right away was Johan Heller from Sweden. He became a friend. Today 26 September I got to hear sad news from Sherry Bell a Ti, one his good friends in USA.

Our friend Johan Heller (Sweden) had passed away last week. He died from a heart attack while he was in the Philippines. Probably this was a result of the abuse of remote technology on his body and mind for several years.

He got targeted consciously with electromagnetic weapons in 1999.

In 1999 he lost his children and wife as a result of this, nobody believed him this was happening He lost his work being a computer programmer. And he accepted forced antipsychotic medication that strongly damaged his health. This disbelief and ignorance of what was happening to him, also from his second wife in the Philippines since last year, made him suffer deeply, in fact the disbelief was the most painful part of it, as it is to many others.

This story once more should tell us all that there is nothing more important than what is happening to us and to thousands of us worldwide.

I realize that we have only one life, and that ignoring reality and acting as if nothing happens, it impossible and totally wrong.

Our reputation is totally unimportant in comparison with this crime, we must break the silence and face reality, ignoring these historical crimes , is as wrong as denying the existence of the concentration camps back in world war 2 .

This must be exposed, and only by exposing ourselves, all the people who know this already, we can do something. So many targets worldwide, only need to find each other and work together! WE SHOULD NOT BE SCARED TO SPEAK LOUD AND OPEN ABOUT THESE EXPERIMENTS ON PEOPLE. THIS IS HAPPENING ON SUCH ENORMOUS SCALE, THAT WE SHOULD BE ASHAMED TO IGNORE THIS, TO WAIT AND TO HIDE ONCE WE ARE AWARE OF IT .

Nederlands : Johan Heller uit Zweden overleed vorige week aan de gevolgen van een hartaanval in de Filipijnen. Hij was sinds 1999 een slachtoffer van experimenten met afstandswapens, zijn dood waarschijnlijk een gevolg hiervan.

Sinds het jaar 2000 komen plots vanop elk continent van deze planeet massaal meldingen van de slachtoffers en worden totaal genegeerd door de meeste officiële instanties. Deze wapens worden op mensen ontwikkeld , in stilte !

Wij moeten deze stilte doorbreken, dit negeren staat gelijk met het negeren van de concentratie kampen in WO 2. Hij was de eerste die mijn noodkreten beantwoorde in 2005 , hij is een vriend geworden en zijn overlijden raakt me dieper dan enig iets de afgelopen 3 jaar.

Wat een enge verhalen, Mindcon.

Werkt dat ook met rfid? Nog een reden om niet-traceerbaar te moeten willen zijn, tenzij je daar zelf toestemming voor geeft.

Er zijn negatieve mensen in de wereld, die nog veel te leren hebben. Zo lang zij belangrijke posities innemen, of hen aan de top adviseren over machtsmiddelen (geheime diensten, denk maar niet dat zulke middelen worden ontwikkeld uit het geldpotje van Joe de Plummer), omdat daar nog steeds alles om draait, zo lang macht (over mensen, landen, olie, energie) de doelstelling is van onze bestuurders, wil je niet door hen gevolgd worden.

Het wereldsysteem is als een piramide. Zij aan de top, bepalen waar het geld heen gaat, voor hen onderaan. Zij aan de top, hebben nog veel te leren, zijn in feite dommer dan wij. Dat moet je onthouden, wanneer er weer een nieuw controlemiddel wordt ingevoerd.

### DUTCH REPORT PSYCHOTRONIC EFFECTS

Kucinich wasn't so kooky after all. An October 2003 report from the Dutch Economics Ministry found that radio waves covering a mobile phone district affect cognitive functions, boosting memory and response times among people close enough to the transmitter. The study, done by TNO, found that the radio waves broadcast to current second-generation European phones and those waves to be used for third-generation phones --which have rapid data-transfer capabilities-- both affected cognitive functions. The study also found that third-generation signals had a significant impact, including tingling sensations, nausea and headaches.

--- ---  
Soleilmavis, 'Case summary of Mind Control torture and abuse', 15.11.2008,

Quote: At first I heard some noises downstairs, which others who lived in my house could not hear. I shifted to a one-storey house on January 2002, the noises sounded as if they came from neighbors. My body started being effected with a variety of symptoms. The main symptoms are:- Pain all over the body; stomach pain, toothache, headaches, leg pain, arm pain. I also had a few high fevers. All these symptoms would disappear without any medical treatment. Or sometimes, a pain would persist even if I took a lot of medical treatments.

I reported to the police on January 2002 that someone was following me and using technology reading my thoughts. I told the police that their voices sounded as if coming from neighbors. The police answered me that it was illegal to use mind reading technologies in Australia .

On February 2002, I shifted to a new one-storey house . I suffered some more symptoms: Diarrhea (for almost one month), hands trembled involuntarily, legs suddenly not being able to stand, suddenly felt very cold and shivered involuntarily, or suddenly felt very hot and sweating, etc. and all the symptoms again would disappear without any medical treatment.

On 5 April 2002, I could not bear any more suffering, so I left Australia . After I left Australia , I still could hear those voices. I went to Hong Kong , Thailand and Shanghai , China , the voices still always sounded as if coming from neighbors. All the symptoms happened all the time, and my things were often stolen when I was not at my hotels.

On August 2002, I went to New Zealand . I again had all the symptoms often occurring.

On April 2003, I had already spent all my money. I came back China and stayed with my parents. I had more symptoms : such as astriction, gatism, and sex harassment. They also started to not allow me to sleep at night, or to wake me up at mid-night. Sometimes, they also forced me to sleep when I did not want to sleep. They also forced me to "have dreams" at night. I knew those "dreams" were made by them and transmited to my brain using their weapons. (The principle is the same with a silent sound device which can transmit sound into the skull of person.)

After the fourth quarter of 2004, they forced me to have "dreams" every night.

These people can use their electromagnetic weapons to transmit their voices directly to my brain. They can make "voices" sound as if coming from neighbors or from a nearby person. They also can use their weapons to make "voices" sound like the voices of your friends or your family members. After I came back to China , their voices still sounded as if coming from neighbors. But I knew they were not from my neighbors. (After 2005, they did not pretend to be from my neighbors or friends, but sometimes they can pretend their "voices" sound like a TV announcer). I think that most days they use their own voices.

When they started to torture and harass me

In Australia , most of them only spoke in English, only one or two spoke in Mandarin without any dialects. Since the second month, more people who spoke in Mandarin joined them. They also asked whether I could speak Cantonese (There are other victims who said that they could hear the voices spoke in Cantonese). After I left Australia , most of voices only spoke Mandarin. There were about 6-10 (they spoke Mandarin) who had been keep torturing and harassing me 24 hours a day and 7 days a week since May 2002 to April 2003. After April 2003, Mandarin voices were used more, over 10, only very few voices spoke English occasionally. (I think that they have employed more Mandarin speaking people to join them instead of English speaking people).

During the past few years, their weapons have reached me no matter where I am. In every country, anywhere: inside the house, under ground, inside an airplane, on a ship, under water, inside a car, on the top of a mountain...

BIOEFFECTS: ... Opfer ermordet

Beste @Medemens,

Dr. Munzert, Mikrowellen-Opfer ermordet', findefux.de, 08. Januar 2009, .

Quote: Habe heute leider die traurige Nachricht erhalten, dass ein Mikrowellen-Opfer aus Kassel (Name ist bekannt) ermordet wurde. Dies teilte mir seine Ehefrau mit. Das Paar ging bereits vor fünf Jahren in Kassel an die Öffentlichkeit und machte auf Mikrowellen-Verbrechen aufmerksam (ein entsprechender Zeitungsartikel vom Dezember 2003 liegt mir vor). Die Polizei hatte nicht geholfen. Die Frau des Opfers erklärte mir heute am Telefon, dass sie und ihr Mann neben der Bestrahlung mit Mikrowellen auch radioaktiven sowie anderen gefährlichen Substanzen ausgesetzt waren, die durch die Aussenluft in ihre Wohnung gelangten und offenbar systematisch aus der Nachbarschaft freigesetzt wurden. (Ähnliche Verhältnisse berichten auch mehrere andere Opfer, nachweisbar in 90562 Kalchreuth ). Bei der Obduktion ihres Mannes seien entsprechende Substanzen in hoher Konzentration in der Lunge festgestellt worden, es soll darüber auch schriftliche klinische Unterlagen geben. Die Informationen der Ehefrau ergaben einen logischen Zusammenhang. Soweit die ersten Informationen. Die Frau wird weiterhin bestrahlt. Das Ehepaar war nicht Mitglied in unserer Interessengemeinschaft, hatte aber schon vor Jahren Kontakt aufgenommen. - Mord verjährt nicht!

Quote: Helmut Tondl aus Österreich wird permanent brutal gefoltert

Ich werde seit über 10 Jahren in und außerhalb meiner Privatsphäre mit elektromagnetischen Waffen attackiert und betäubt. Mein Leben ist inzwischen sehr aus den Fugen geraten und meine physische und psychische Verfassung dementsprechend. Worum geht es? Erst durch langes Nachforschen und etwas Einblick in die moderne Technik kommt man dahinter, was für revolutionäres technisches Potential den Terroristen heute zur Verfügung steht. Es geht konkret um neuen elektromagnetischen Terrorismus, der es erlaubt die letzten Schutzhüllen der Menschen zu durchdringen. Mit modernem Funkbildradar lässt sich durch Wände und sämtliche Materialien vorzüglich filmen. Doch nicht nur das, fokussierte Radio und Mikrowellen werden dazu verwendet um Menschen im Körperinneren zu attackieren, zu betäuben,

krank zu machen und sogar zu töten. Es geht noch konkreter gesagt darum, Gesetze zu schaffen, die diese Einbrecher in unsere Privatsphären mit diesen neuen Technologien strafrechtlich verfolgen. Hier sind nur ein paar von täglichen Attacken die an mir von den Funkterroristen mit elektromagnetischen Waffen verübt werden: Elektromagnetische Attacken in Kopf, Herz, Unterleib usw. (wie an einen Stromgenerator angeschlossen) Stoffwechselreduktion... (die Gedärme werden so zusammengezogen, dass der gesamte Stoffwechsellvorgang zum Stillstand kommt). In Folge kommt es zu einer Kreislaufreduktion und oft schwerer Atemnot. Morgens wache ich oft wie aus einer Narkose auf. Zusätzlich werden vor sämtlichen Terminen oder z. B. beim Telefonieren und Essen die Attacken verstärkt. Vor kurzem wurde ich auf der Autobahn so stark am Herzen attackiert, das ich mehrmals stehen bleiben musste, weil ich dachte ohnmächtig zu werden. Wie gesagt werde ich mit Funkbildradar in meiner Privatsphäre gefilmt wodurch mein Musik-Kompositions-Studio seit längerer Zeit lahm gelegt ist und ich auch beruflich immer mehr Probleme bekomme.

Mit freundlichen Grüßen  
Helmut Tondl

Quote: MY DIRECTED ENERGY AND NEUROLOGICAL WEAPONS TORTURE AND ABUSE CASE SUMMARY:-

I sent a series of human rights activist emails to public authorities and forums beginning in 2003 up to 2006. I came to the attention of an extremist US security organisation in 2004 for this exercising of my democratic right to free speech and since then I've had my human rights, liberty and privacy COMPLETELY VIOLATED and ALL aspects and degrees of my human freedom, individuality and mental and physical integrity and health savagely attacked, tortured and deformed.

I've been extremely tortured and abused, set-up, made a lab-rat of, and my life turned into a horrendous

nightmare/circus.

I am literally being completely mutilated and neutralised by electro-magnetic radiation, torture and butchery –and extensively publicly exhibited in the process - both physically and mutilated 'brain-broadcasted'

THESE CRIMINALS HAVE THE ABILITY TO :-

- a. place a human subject under ceaseless surveillance, no matter where he/she is, from remote locations
- b. ceaselessly monitor a human brain from remote locations, including thought, reaction, motor command, auditory event and visual image reading
- c. ceaselessly input directly into a human brain from remote locations, including the ability to introduce voices, noises, other disturbances, images and "virtual-reality scenarios" into the brain, and the ability to override, control, and alter consciousness.
- d. directly interfere with, abuse, torture and hit bodies - including performing advanced medical procedures - and objects - from remote locations
- e. directly interfere with, alter, insert etc. data, files, communications and legal evidence from remote locations - even during transmission
- f. make live TV, and other screens and monitors, two-way - for surveillance, invasion of privacy etc.
- g. control the flow of information and orchestrate the media worldwide

BY THESE MEANS I HAVE BEEN:-

1. Since 2004 my brain, body and physical space and privacy have been extremely traumatically violated, monitored and interfered with 24 hours a day 7 days a week - ceaselessly. I have been under this extremely traumatising Orwellian surveillance and interference - and then extremely brutally hard-core tortured and deformed since 2004 – and during all this time my psychological, mental, intellectual and physical states, actions, thoughts, imaginations and words have been exploited and exhibited. (2004-present)
2. subjected to sleep deprivation and "mind-\*uck" torture - (2005-2006)
3. ceaselessly subjected to sensory and mental torture by being very aggressively and relentlessly psychologically attacked, denigrated, interrogated, undermined, mobbed and baited - directly into my violated and interfered with brain. This takes the form of a running attack with a personally codified system of comments and responses to my thoughts, activities, social and psychological state, and biorhythms - both straightforwardly and with many different disorienting, infuriating and distorting effects. This sensory and mental torture and attack directly into the brain has varied from extreme causing near-complete mental breakdown and desperation, to loud, intensive and continuous, to milder, and has included numerous mock-executions. It is all completely and totally unignorable and inescapable. The "circuits" are always open – my brain, body and physical space are ceaselessly brutally violated, monitored and interfered with - and forced into reaction and response - 24 hours a day 7 days a week. It's a brutal, technological 'lago-machine'. (2004/2005-present)
4. repeatedly and relentlessly – every single day and night - subjected to electrical abuse and torture on

the genitals. Electric currents are applied to my genitals at different intensities and positions, often continuously for extended periods of time. This ranges from mildly disturbing to extremely torturous. The cumulative affect is sickening and constant mental and physical tension and aggravation. This electrical abuse and torture on the genitals is applied at any time of the day or night. I am often woken up by the application of electric currents to my genitals - night after night after night. Other nights I am given erections, masturbated by a machine, and occasionally voided of semen (my sperm production has been stopped). I AM BEING USED, EXPERIMENTED UPON AND BUTCHERED LIKE A LAB RAT. My genitals have been liposuctioned, collagened, vasectomied, and my scrotum subjected to repeated reductions and enlargements. I have also been anally raped and interfered with numerous times. (2004/2005-present)

5. ceaselessly subjected to multiple nightly neurological experiments and interventions - night after night after night – every single night since 2005 - 3,4,5,6,7 or more times per night artificial "virtual-reality scenarios" are 'introjected' into my brain and therein processed/experienced. I have been on this sleep and brain control regime and I haven't had a natural uncontrolled nights sleep since 2005. This has resulted in mentally and psycho-physiologically exhausting, degrading and deforming me. Very often my brain processing/experiencing these "virtual-reality scenarios" is transmitted and exhibited by these Mengeles butchers pretending to do "science".(2005-present)

6. relentlessly subjected to "deep" neurological interventions on my brain creating a lasting lobotomised effect – some similar to being sledge-hammered, stabbed, roasted, fan-forced microwaved, blow-torched etc. in the brain. My senses, sensibility and imagination have been totally degraded and wrecked. Repeatedly subjected to multiple other experiments and interventions on other areas of my brain. (2005-present)

7. My semen glands, abdomen, intestines, other internal organs are also being continuously, repeatedly and intensively heated and electrocuted i.e. cooked/burnt-out. Also my heart, neck, lower back, back and diaphragm. My torso, face and buttocks have been liposuctioned 2 or 3 times. My nipples are often electrocuted. (2005-present)

Huge - 10,000s of hours - amounts of electricity have been pumped through my body and brain by these nazi butchers. (2005-present)

I believe all of this is an attempted "reengineering" or "rendering" of my brain and body, and it has very seriously degraded my senses, sensibility and mental, psychological and physical strength, range, quality and depth. My brain has been reduced in power, quality and function by at least 70%. All my 'raw materials', psycho-physiological powers, energy, amorphous, undeveloped and latent thoughts, memories, emotions, passions, and feelings degraded, burnt-out and/or destroyed. My chest has been sunken, my lungs collapsed, my heart and muscles atrophied, my circulation and metabolism slowed, my stomach expanded and deformed, my genitals mutilated and deformed, and my body-shape completely altered and deformed. As one would expect being a lab-rat in a concentration camp since 2004 it has caused these most profound mental and physical ill-effects and degradation, and profound organic impairments and deformities.

8. subjected to various other mental, physical and social tortures, degradations and dirty tricks. This includes being extensively publicly exhibited via internet and TV. All the time during this extremely traumatising Orwellian surveillance and interference, and brutal hard-core torture and mutilation my psychological, mental, intellectual and physical states, actions, thoughts, imaginations and words have been exploited and exhibited.

The thoughts and images from my deformed, mutilated brain and and lab-rat life have been 'brain-broadcasted' to the journalists etc. on TV and Radio – and often presented to them as if it was the

workings of my normal brain/mind – also a lot of disinformation and misrepresentation has been ‘fed’ to them. The thoughts and images from my deformed, mutilated brain and and lab-rat life have also been ‘brain-broadcasted’ to many other people around the world – politicians, public figures etc. as entertainment, disinformation, insults etc. - and also often presented to them as if it was the workings of my normal brain/mind.

The states, actions, thoughts, imaginations and words of my continuously and relentlessly extremely tortured and deformed brain/mind and body, and my degraded life have been directly transmitted and broadcast - the outbursts, outcries, anger etc.. Even my comments, thoughts, idiocies and messing around – to alleviate the oppression, aggravation, and boredom of my confinement and torture in this Mengeles/Cameron/Delgado torture and deforming concentration camp – have been exhibited and presented to many unaware people as if they are the products of my normal brain/mind/life. In reality this is “Gestapo Torture/Deformity/Murder TV” – and similar to the Gestapo it seems they enjoy the “sport” – and the degradation, anger and confusion it causes.

Also the media has been flooded with dehumanising and ridiculous “psychological-operations”, parodies and caricatures of me, my family and life – as at the same time they are parasiting, torturing and organically destroying me, they are constructing a fiction about “me” and ceaselessly, idiotically, making what they pretend to be valid psychological and social observations about me. (2004-present)

9. My mother, sisters and other family members have been neurologically attacked/surgically mutilated, and both of my parents and other family members have been anally raped using these DIRECTED ENERGY AND NEUROLOGICAL WEAPONS – causing them profound mental and physical ill-effects and degradation, and profound organic impairment and disruption. (from 2005-present)

10. Since 2005 colleagues, acquaintances, friends or simply anyone I come into contact with on a day-to-day basis have been neurologically attacked/surgically mutilated, and/or anally raped using these DIRECTED ENERGY AND NEUROLOGICAL WEAPONS – causing them profound mental and physical ill-effects and degradation, and profound organic impairment and disruption. Literally over 500 people. (from 2005-present)

11. I have been constantly subjected to Organised Mobbing/Stalking at the places I work, in public, and around my home. The perpetrators purposely set out to aggravate, impede and invade my physical and psychological spaces, there is occasional physical and verbal aggression. The perpetrators are mostly of Jewish extraction. (2004-2008 very often in 2008)

**AN APPEAL TO ALL OF THE VICTIMS OF PSYCHOPHYSICAL WEAPONS IN EUROPE AND THE WHOLE WORLD**

<http://uk.blog.360.yahoo.com/blog-fl6VRfApebJ1p2vXR2bQjg--?cq=1&p=131>

Quote: Dear Victims and People of the World,

We, the organizers of The Strasbourg Demonstration, ask all victims and those who feel concerned by PSYCHOPHYSICAL TERRORISM AND THE INHUMANE TORTURE OF HUMAN BEINGS to take part in this very important event for all mankind.

An event of this kind may not be granted to us a second time!

Everyone knows that we have already dedicated many years of our life to the hard fight against violence and terrorism, and this must be regarded as our real chance together.

These are secret and brutal crimes against innocent people in many countries of Europe and the world. There is a huge number of facts, which confirms the military-medical experiments on peaceful citizens carried out for decades, with PSYCHOPHYSICAL WEAPONS, without the consent of the people.

The houses of irreproachable citizens are being secretly transformed into testing-grounds for PSYCHOPHYSICAL WEAPONS. The victims of these atrocious experiments and their families are forced to live under these conditions of psychophysical and social terror. These so-called "Non Lethal Weapons" or "Less Lethal Weapons" have dreadful effects and can be used to endanger the life of every individual, of the entire population of a state and of the whole world. The consequences of their application are far more serious than the ones of all known weapons of mass destruction. They can combine all the inhumane aspects of the most barbaric weapons of mass destruction. Apart from the harm caused to a human being's body, secret manipulation and the control of the human mind, and thoughts and behaviour is also possible. PSYCHOPHYSICAL WEAPONS can also be used on the body until death ensues. Troublesome dissidents and politically committed people are murdered by the Secret Services.

So as not to leave any trace of their presence, the Secret Services and criminal organizations in most cases carry out their experiments remotely. There exists a countless number of witnesses who are still alive and who could, at any time, give evidence of their radiation attack by these weapons.

Citizens who are being abused for such experiments, are discredited, they lose their jobs and are declared mentally ill. In many countries violent psychiatry is used to assist the criminals to ill-treat innocent citizens, often until death ensues.

We have informed the Governments, politicians and the Media of all countries, but we have been completely ignored. THEY HAVE ARROGANTLY IGNORED OUR COMPLAINTS!

We are still hoping that someone will come to our aid and will offer some support! Together we must put an end to a terrible genocide which has been going on for more than 50 years now, all over the world.

We must do everything for our children to be freed from mental slavery and psychofascism and so every man and every child on the planet can live and sleep quietly!

Chapter 1: My Story Begins, Bad Experiment - Through the Wall Surveillance & Harassment, [badexperiment.com](http://badexperiment.com), 16 March 2008, .

Quote: Without warning, you realize that you are the target of a cruel, unending campaign of psychological battering and torture with through-the-wall surveillance / hi-tech microwave and acoustic based weapons. You are never spoken to, never accused of a crime. Yet, the abuse continues for years. You are battered with covert through-the-wall weapons from adjoining apartments or nearby homes while you sleep at night. A coordinated campaign of psychological attacks occurs during the day. Their mission is to isolate and destroy you mentally and physically. They will not stop until that is accomplished. It is all done covertly so that you cannot seek justice nor provide evidence of your abuse. Individuals cooperating in this cruel campaign are planted among your neighbors, workmates, and even in your place of worship. They provide a barrage of humiliating encounters while seeking to destroy your reputation.

It reveals how covert new torture technologies give government agencies the power to target persons through the walls of their homes when coupled with through-the-wall surveillance.

It now appears “politically defined madness” has arrived in the West. The Associated Press reports today that a Berlin court has ordered psychiatric care for a man who staged a protest before Obama’s speech in Berlin during his presidential campaign.

The court says the man was protesting “injustice and poverty in the world” and is not guilty of any offenses for the reason of mental illness. In a ruling, the Court determined the man suffers from manic depression and was remanded to a psychiatric institute.

No word on the form of treatment the man will receive for his "manic depression" in response to "injustice and poverty in the world."

Quote: Clandestine Weapon:

Undeclared Chemical-Biological War  
Against Peaceful Population

The methods elaborated by special services for the limited purposes of "special operations" are on massive scale transferred to peaceful population in order to create artificial unhealthiness with the aim of:

- behavior modification;
- reduction of social and political activity of competitors and opponents;
- suppression of any non sanctioned initiative in any sphere of life beginning from a domestic one;
- and more often merely against unwanted persons.

The "artificial unhealthiness" of targeted victims is achieved by clandestine application of the widest

spectrum of chemical or biological substances - "special means" which cause deterioration of mental or physical health (or both) of various degree and duration. It should be emphasized that such sort of actions in any case cause artificial decline of life quality, accelerate biological aging, artificially shorten life expectancy. The same practice extended to it's lethal extreme makes it possible to carry out mass purges camouflaging them under social and economic difficulties.

The described here barbarous system is aimed to solve quite certain tasks, which according to our observations are the following:

- To ruin the will, to destroy the morale of the victim, etc; to make a victim guided, that is to force a person to do those things which in the normal circumstances it would have never done (recruiting - Rus: "verbovka").
- To intimidate a victim, to force it to refuse the certain personal, social or political plans.
- To make impossible the realization of plans deliberately inducing poor health (artificial disability).
- To destroy the family of a victim as a main support of resistance to violence.
- To reduce occupational, educational or personal activities, masking application of "special means" under "Multiple Chemical Sensitivity Syndrome", "Chronic Fatigue Syndrome", etc.
- As a revenge, causing more or less harm to health when intimidation, recruiting or luring failed.
- To discredit and arrange conditions for prosecution, or attach a false psychiatric diagnosis and then treat the victim as a lunatic. (As a result, to remove a dangerous witness, etc.)
- As tortures (deprivation of sleep, muscular-skeletal pains, the hardest headaches, toothaches, etc.) and getting satisfaction from suffering caused to the victim (sadism).
- For expulsion (from a residence, territory, motherland, etc.)
- To dehumanize before liquidation.
- And the last - to eliminate, to kill, to "overtreat" with special means (Rus: "urabotat' ") . That means that the aim to kill is put from the beginning arranging seemingly natural death.

Quote: GALINA AND ROBIN'S LETTER TO THE CANADIAN GOVERNMENT

Those who would like to sign this letter, please contact Galina at: [helenkurdin@yahoo.ca](mailto:helenkurdin@yahoo.ca)

Petition date starting in Ottawa and Toronto from Aug. 25, 2009

Dear Member of the Canadian Government:

We are writing you on behalf of the Organization of Victims of Psychotronic Weapons (OVPW) to ask for your help for the many constituents in Canada who are being targeted unjustly without their informed consent by Psychotronic (or Mind Control, Electronic, Directed Energy, Neurological, Non-lethal) Weapons. We, and many others, are being TORTURED AND MUTILATED IN A MIND CONTROL CONCENTRATION CAMP 24/7. We wouldn't be tortured and manipulated in a properly functioning legal system/society.

Victims of psychotronic weapons detail the most extreme and totalitarian violations of human rights in human history, including the most horrendous incidents of psychological torture, and mental and physical mutilations. Criminals place human subjects under continuous surveillance, no matter where he/she is. They monitor the human brain, including thoughts, reactions, motor commands, auditory events and visual images. They continuously alter consciousness, introduce voices, noises, commands, images, "dreams", and other disturbances into the brain. They directly abuse, torture and assault our bodies - including performing advanced medical procedures from remote locations. The technology they

are using is so advanced that it allows the controllers to see through the eyes of the targeted individual, essentially seeing whatever the victim sees.

These are some of symptoms of targeted individuals:

- 1). Microwave hearing and torture with intense, loud, electronic-sounding noise.
- 2). Visual distortions and hallucinations.
- 3). Manipulation of will, emotions, feelings, and perceptions.
- 4). Manipulation of human behavior: forced speech, involuntary body movements, transmission of specific commands into the subconscious, compulsory execution of these commands.
- 5). Reading thoughts remotely, retrieving memories, implanting personalities.
- 6). Debilitation of mental acuity: inability to concentrate, disruption of ability to think rationally and independently.
- 7). Loss of memory and knowledge.
- 8). Inadequate states, which targeted individuals have never experienced before (states of narcotic intoxication, depression, obsessive desires and so on).
- 9). Control of sleep patterns: sleep deprivation or uncontrollable sleep
- 10). Blurred vision
- 11). Cramps, seizures and spasms
- 12). Excruciating, artificial pain in any part of the body, including heart attacks and other serious, medical conditions.

We have contacted the police, RCMP, Security/Intelligence Agencies, Courts and other Government institutions over and over and over again, but have had our appeals for assistance and protection almost completely ignored or suppressed. The government "doing nothing" in this situation is a form of sanctioning these horrendous, fascist mind control experiments on innocent and defenseless people. That is why the Canadian Government is responsible for these crimes. The government of Canada must uphold the rule of National, International and Human Rights Law and protect Canadian citizens by these laws. Instead we see the huge disconnect between its professed principles and values and the reality.

It is our responsibility to record and alert the world to these horrendous crimes and the extreme danger that these technologies pose to democracy, human rights, privacy, mental and physical freedom, and the health of all people. These are the most horrendous weapons and crimes imaginable, and the people, using them, are mass-murdering conspirators, pursuing fascist, totalitarian, fundamentalist schemes.

Doctor Joseph Mengele and other Nazis, who started developing these techniques in concentration camps during World War II, were brought over here from Europe after the war to continue their atrocities. MKULTRA was the first of these illegal and immoral experiments with unwilling victims. We are the latest victims. THIS MUST STOP! And the people responsible exposed and brought to justice for these unspeakable crimes against humanity. We demand only that our human rights are respected, and that the Canadian Government appoint a Committee to get to the bottom of this most serious matter based upon the evidence collected, intercepted, and compiled by victims for many years.

This gross violation of human rights must be investigated immediately.

However, calling the crime "mind control" to non-targets often causes loss of credibility, and it is best if we can keep from using that term in first contact speaking and writing.

So to get the commonly used names for this crime in some sort of visual perspective, I've posted a draft of a simple diagram which attempts to do that, by showing how "mind control" fits into the full range of criminal activities we experience

Quote: Now there is technology under development that could affect the mind and body from the outside, in disturbing, even maddening, ways — from putting sounds in people's heads to microwaving them from within.

There are also many documented cases of government abuse of unsuspecting citizens, often in the name of research. Political activists and others who upset the status quo have long known that government surveillance, at least under certain circumstances, is a reality.

Psycho-Civilization

Organized Stalking and Electronic Harassment

Organized stalking, as defined by those who feel they have been the victims of it, is the coordinated, continual long term harassment by a networked group of people who could be strangers to the target, acquaintances of the target, government agents or all of these. This stalking tends to take the form of vague incidents that may seem harmless in themselves but when taken collectively produce extreme discomfort, fear and paranoia in the victim. These can include such things as repeated hang up phone calls, strangers gesturing from a passing car, minor acts of vandalism on the target's home or property, or any of a number of other repeated annoying behaviors directed at an individual by numerous others.

Quote: It goes without saying that no Government of the world has acknowledged the existence of MK ULTRA MIND CONTROL programs.

Many people refuse to believe that such things as MK ULTRA programs exist or have continued since the supposed end of World War II where they were initiated by Hitler's SS. The continuation of many German War programs from can be confirmed in the writings of Gregory Douglas who wrote about the fact that the members of the SS were brought to the US and formed the foundation for the CIA.

We, the survivors of MK ULTRA and all of its sub-projects — Project Talent being one of them — are coming to you, the leaders of the free world, for redress. We request action on this matter post-haste, as we have waited long enough for our respective governments to take notice of our tortures, trials, and tribulations that were forced upon us as children by the same said governments.

Hopefully lives will not be further

destroyed by this dreadful MK ULTRA program and it will no longer operate.

Mailed to 540 members of Congress, Mind Control USA, Open Letter, March 19, 2009, [mindcontrolusa.com](http://mindcontrolusa.com), ,

Quote: To Whom It May Concern:

The Intelligence branch of the military relies upon a secret, satellite-based weapon. From thousands of miles away an Intelligence Officer in the military can, sitting at his computer console, hear you think, change your thought patterns, and manipulate your body to experience various symptoms of torture or simple communication.

The Intelligence Officer, sitting at his computer console, with an up-link to the satellites, does more than listen, he implants thoughts (like insert, delete or repeat computer functions) in his target's brain. The target's own thoughts magnified out of proportion, he cannot discern the difference between his normal train of thought and his own regurgitated material. He acts upon material planted in his brain. It feels so right and normal, but it is not. The process can be amplified by the creation of various 'signals' felt physically on his body. The Intelligence Officer can subject the target to torture such as itchy needles and pins, humming ears, twitching extremities and gross bodily movement, excruciating pain, splitting headaches, hot flashes, bone aches to sleep deprivation, severe sleep deprivation to suicide, racing heart to a heart attack or focus on the brain for a stroke.

The Intelligence Officer has a data uplink like google earth which provides TV-like clarity pictures of persons and objects on the ground from space. He has instant access to security system camera feeds. Magically using invisible rays the intelligence officer can hear the target think as if it were a real-time conversation. He can also hear the speech and thoughts of those around the target. He can control the thoughts and behavior of many people in close vicinity to the target. A sort of group-think. He also can beam conversation into the brain of the target, causing the target to hear voices. He can hear the target think, even when driving, going through tunnels and under cement buildings.

The Intelligence Officer controls limbs and various internal body organs. He can listen to the target think and implant imperceptible orders and commands in the brain of the target. If you can think of a bodily symptom it can be created. If you can think of thoughts that would be handy to have implanted in a target's mind to implement a violent scenario, that is what the intelligence officer is doing. He is causing his target to act out a violent scenario.

These mind control techniques are used in wartime to compel the 'enemy' to commit suicide bombings, kidnapping and criminal activity. Domestically, shocking crimes are committed by being compelled through mind control techniques. The selected targets are typically induced to commit acts of terrorism world wide. Political leaders of various countries have their thoughts read and are induced into inflammatory rhetoric. Suicide bombers in Israel are a product of the U.S. Military's mind control program. A good number of mind control victims are simply dinked with, without major crimes being compelled. It all depends upon the Intelligence Officer in charge of their target.

If the Intelligence Officer can do this to the least of humanity he can also work his magic on the best of us. Making a head of state like Russia's Putin invade Georgia and have the other European leaders react in a certain way, is what the Intelligence Officers graduate to after their practice on smaller jobs.

The allure of practicing on America's own heads of state must be too intense to resist. The Intelligence Officers are running the United States and the world from their desks at their computer consoles.

This satellite surveillance system is the centerpiece of the United States' foreign policy. My intelligence officer wants to shut down the program which uses its capabilities to kill and disable enlisted personnel in Iraq and elsewhere in violation of the Uniform Code of Military Justice (UCMJ) and blow the lid off the 'national security' defense for committing egregious crimes. The media and the internet are the most effective way to get the word out.

I have YouTube postings created with my Intelligence Officer; Mind Control 1 of 6 (there are six videos). Also my website MindControlUSA.Com. These postings dramatically show my body being manipulated by satellite transmission and show me communicating with my Intelligence Officer via satellite transmission. You will notice my body twitching and jerking in spasm and my head nodding yes and no. That is the satellite at work. Naturally someone is on the other end of the line and I speak of it in the video. It is not possible to graphically demonstrate my thoughts being listened to, you have to take my word for it. I am a victim of this advanced remote-detection satellite technology.

There are by my estimation five hundred to one thousand key operators of this secret weapon. I have been controlled for seven years by one of these Intelligence Officers. He wants to de-mystify the

program and make it's operations public because of the egregious evils undertaken under veil of secrecy. My Intelligence Officer is a disabled vet, as are a number of operators recruited into the program. He likes the name 'satellite guy'. He sits at a computer console and uses satellites to track and interact with me. It is a bizarre, obscure secret program. It is the centerpiece of the United States foreign policy.

Culled from the very battlefields they now command, the Intelligence Officers are wounded warriors. The hero, an Intelligence Officer, is a victim of war himself. An intelligent soldier caught in a roadside bomb from below, his genitals and excretory organs blown apart, his legs blown off and his face subject to severe, scar forming burns. He was recruited for this job. He is now psychologically trapped in this 'secret' program. He could quit any day, but then he can't, where would he go? what would he do? His co-workers are in a similar predicament.

My Intelligence Officer believes congress should take a proactive interest in putting an end to the military's abuse of Satellite technology.

Coyet Kaspen, Disarm U.S. Government from Its Current Satellite Mind Control Weapons, PetitionOnline, [petitiononline.com](http://petitiononline.com), .

Quote: These secret ground-to-space-to-ground attack activities are most current high profile national security threats to all nations.

The U.S. governments have in hands space-based weapon systems with capable of attacking information and psychological security which can destroy information system and influence the population. The U.S. government is a current most secret threath to national security of other countries in this sphere. Secret methods of information-psychological influence can not only harm a person's health, but also lead to "the loss of people's freedom on the unconscious level, the loss of capability of political, cultural and other self-identification, manipulations with social consciousness" and even "the destruction of a common informational and spiritual integrity of other countries. These attack methods

named "spychotropic weapons, or psychical weapons" are so destructive secretly. Selective list of its effects can be blinding targeted ones, disorientating ones, causing nausea and diarrhea, influencing hostile and influencing populations to risen rebellions - everything is possible in this sphere.

Regarding victims, they face round-the-clock suffers from such remote attacks that can selectively list

- be forced to brain talk to remote attackers;
- daily dirty mock executions by remote attackers;
- constantly ears and neck blocked by remote attackers for mind control attacks projected onto victims; (it is like to taking a file handle prior to to be able to write to a computer file)
- abnormal angers without a reason; (mimic a mental illness cover lies to attack)
